Masallar Diyarini Keşfediyoruz Projemiz İle Öğrencilerimize Kitap Sevgisi Aşılamaıyı Hedefliyoruz. Bu Proje İle Çocukların Dikkatlerini Kitaplara Çekmeyi Ve Merak Eden, Araştıran Sorgulayan Bireyler Haline Getirmeyi Hedefliyoruz.

We Aim To Instill A Love Of Books In Our Students. With This Project, We Aim To Attract The Attention Of Children To Books And Turn Them Into Individuals Who Are Curious And Inquiring.

# TECHNO CLASS

Due to Covid-19, we provided distance education with our students and made education efficient during this period. We reached children with online games, teleconferencing tools and web 2 tools. We read stories, played games and experimented every week.

# Zorba Olma Arkadaş Ol! Kovanı Doldur...(DON'T BULLY, BE A FRIEND! FILL THE BUCKET ...)

In order to prevent bullying in peer relationships, studies were carried out to develop a sense of empathy in children. Emotion games, goodness notebooks, bucket studies and values education were implemented with the project.

# HEALTH FIRST

# AKIL KÜPÜ

At Covid, we have implemented activities that will try to improve health awareness, healthy eating, personal cleaning, washing hands correctly, paying attention to cleaning rules, using masks, obeying social distance rules, paying attention to distance while playing games. We collaborate using Web2 tools.

By using attention development, coding activities, mind and intelligence games in our project; We enabled our children to reveal their existing potentials and develop their problemsolving skills, memories and perceptions.

# Early Literacy Project (ELP)

We did this project to support the cognitive and linguistic preparation of preschool children when they started primary education. We maximized children's learning skills by doing activities that support and develop early literacy skills.

## ALPHA (Actively Learning at Pedagogical Home Academy)

With the effect of the pandemic process, a more efficient distance education is aimed for students in our Project through distance education. An education is implemented in which students are informed about e-security, protect themselves from cyberbullying and use many web 2.0 tools.

# IMAGINE AND TAKE ACTION

With our project, we organize activities that will help the child to get to know herself, her profession and her environment, with these workshops in which designing, making and producing rather than knowing by improving our students' Design Skills.

Yenikent Anaokulu olarak her yıl okulumuzun hatıra ormanına yaptığımız fidan dikim

etkinliklerini bu yıl okul bahçemize yaptık.

Okulumuz etkinlikleri kapsamında okulumuza ait olan orman alanına fidan dikimleri yapıldı. Fidan dikimlerine Tema sorumluları da destek verdi ve katılım sağladı.

As part of the activities of our school, seedlings were planted in the forest area belonging to our school. Those responsible for planting seedlings also supported and participated in the theme.
